I HOLD in my hamis an obligation upon the Marysville Town Company, obligating the Company to donate to the first person that will put up a Steam Saw-Mill in said town, seven shares in the town, which are worth in value each two hundred dollars. The putting up of the mill in the town will make them worth two hundred and fifty dollars each, making the do-nation seventeen hundred and fifty dollars, which will very nearly pay for the mill. Marysville is the best location in Kansasfor a Steam Saw-Mill, from the fact that it is located immediateby upon Big Blue River, where the timber can be raffed to the mill, and the lumber raffed below, to supply the great Kansas River Valley. So you can bring on your mill, set it to running and I will give you the stock.
